## LOCAL NEWS.

**SPEAKING TO-NIGHT**—Mr. W. W. Walker of Westmoreland and Maj. R. W. Hunter of Winchester are to address the citizens to-night at Sarepta Hall. Both gentlemen are able and eloquent speakers.

**CITY SCHOOL BOARD**—In consequence of the Conservative Ward meetings last night, a quorum did not assemble until 8 o'clock, when there were present: Edgar Snowden, jr., esq., Chairman, the Superintendent of Schools, and Messrs. Addison, W. F. Carney, Hopkins, Neale, Wheat and Whittington.

The minutes of the last meeting were read and approved.

The special order for the evening being the consideration of the adverse report of the special committee on the Superintendent's plan for increasing the salaries of teachers, that gentleman said that as the subject was a most important one, and there was no necessity for its immediate consideration, he would suggest its postponement until there should be a full meeting, and Mr. Wheat, the chairman of the committee, concurring, the matter was laid over until the next meeting.

Mr. Wheat, from the Committee on Finance and Accounts, reported the correctness of the following bills, which were ordered to be paid, viz: Richard J. Collins, one quarter's services as clerk, \$37.50; Lemuel Robey, two months' services as janitor to offices, \$6. He asked and obtained further time on the bill of the Commissioner of the Revenue.

Mr. Hopkins, from the Committee on School Houses and Furniture, reported back without any recommendation, the claim of the janitress of Lee School No. 1, for extra pay, and on motion of Mr. Wheat, the bill was laid on the table. He also reported progress in the matter of renting school rooms for the schools now kept in Harlow's building, and on motion of Mr. Whittington, further time was granted.

Mr. W. F. Carney, from the Committee on Snowden School, recommended new stove pipes for that school, and the matter was referred to the Committee on School Houses and Furniture.

Mr. Wheat, from the special committee on the purchase or erection of school houses, reported progress, and asked further time.

The Superintendent and Mr. Hopkins, from the committee, mentioned several lots which could be purchased, and the latter suggested that a school house be erected at once, whereupon, on motion of Mr. Wheat, the committee was empowered to purchase a site and have a suitable building erected, provided that no action be taken without the unanimous consent of its members.

The Superintendent laid before the Board a letter from the Superintendent of Public Instruction stating that a donation of \$2,000 from the R. K. F. Fund might be expected for this year, whereupon, on motion of Mr. Addison, the thanks of the Board were tendered to the Rev. Dr. Sears, General Agent.

On motion of the Superintendent, the printing of a thousand copies of the regulations was ordered for the use of the schools.

The Superintendent said that he had been requested by Mr. Witmer to notify the Board of his disqualification for membership, consequent on a change of residence, and offered the following resolution, which was unanimously adopted, viz:

Resolved, That the clerk inform the City Council of the existence of the vacancy occasioned by the removal of Edmund F. Witmer, esq., from the Third Ward, and that he express to Mr. Witmer the regret of the members of this Board at the loss of his valuable services as a trustee.

On motion of Mr. Wheat, the clerk was instructed to call the attention of the City Council also, to the fact that the term for which Messrs. Benoni Wheat, Edgar Snowden, jr., John S. Beach, and O. C. Whittlessey were elected had expired, and to request the election of their successors.

The Chair appointed Mr. Whittington a member of the special committee on the erection of a new school house, in place of Mr. Witmer.

Mr. Wheat, from the special committee on the subject, reported that he had purchased \$200 of city bonds at \$69 and \$100 at \$70, paying therefor the July coupons on the stock now held by the Superintendent for the building fund, the \$22 7/8 balance to the credit of that fund, and the Superintendent's due bill for \$22.27, to be paid out of the January interest, and that he had handed over the bonds to the Superintendent, which report was accepted.

The Superintendent stated that he had placed all the bonds in the Citizens' National Bank, for safe keeping.

And, a little before nine, the Board adjourned.

John Mariotti was elected Secretary. The President having stated the object of which the Convention had been called, Geo. W. Beck nominated Hugh Latham as the Conservative candidate for Alderman from the 1st Ward, and there being no other nomination, Mr. Latham, by a rising vote, was declared the nominee. There being no other business to transact, the Convention then, at a quarter before eight o'clock, adjourned.

**SECOND WARD**—In consequence of the neglect of some one to have the hall of the Sun Engine House opened, the meeting in the Second Ward, which was to have been held there, was held in the Mayor's office, where a large number of the voters assembled at 7 1/2 o'clock.

S. H. Janney called the meeting to order, when E. Snowden, jr., was chosen chairman, and R. M. Latham, Secretary.

The object of the meeting having been explained, M. B. Harlow nominated for the

Board of Aldermen R. M. Lawson, to supply the vacancy caused by the resignation of Col. J. S. French. Lemuel Robey nominated G. H. Markell, and S. H. Janney nominated C. W. Wattles, and a ballot being taken the vote resulted: For Lawson 23, Markell 9, Wattles 3, and Mr. Lawson having obtained a majority of all the votes cast, was declared the unanimous choice of the meeting as the candidate for the Board of Aldermen.

The meeting then adjourned.

**ALL SAINTS' AND ALL SOULS' DAYS**—To-day is All Saints' Day, a festival and day of obligation, observed in the Catholic churches with services similar to those of Sunday. This festival commemorates the conversion of the Roman Pantheon into a temple of Christianity, and its dedication to the Virgin and martyrs by Pope Boniface IV., in the seventh century. Yesterday, the eve of All Saints' Day, was All Hallows' Eve, or, unpleasant memory to staid housekeepers, because of the custom of mischief-loving youths on that evening to throw cabbage stalks at front doors and play other pranks. To-morrow is All Souls' Day, and is observed in the Catholic Church by requiem masses and prayers for all the souls in purgatory, according to the doctrine of that Church, and in some places by strewing the graves in the cemeteries with flowers. As Sunday occurs this year on the 2nd of November, the solemnity is transferred to Monday, the 3d instant. On that day the churches are robed in mourning, and the services are of the most solemn and impressive character.

Zier's Bluff—the armament to be guns of the heaviest calibre. This fort is the main defence of the cities of Alexandria, Washington and Georgetown.—*Prince Georgian.*

**EFFECTS OF THE PANIC**—It is understood that in consequence of the stringency in monetary affairs the operatives at the Mount Vernon Cotton Factory will be compelled to accept a reduction of 25 per cent. in their wages, or be discharged, and the factory be closed for the winter.

Work at the shops of the W. C. V. M. & G. S. R. R. has, for the same season, been reduced to eight hours, with a corresponding reduction in wages.

**ALEXANDRIA WATER COMPANY**—The stockholders of the Alexandria Water Company are reminded that a general meeting will be held on Monday next 3d inst. to receive the report of the President and Directors. We are desired to say that all the stockholders should be present *in person* if possible, as business of the utmost importance will be brought before them to the construction of a new Reservoir and the best mode adopted for raising funds for that purpose.

## TELEGRAPHIC NEWS.

[SPECIAL DISPATCHES TO THE GAZETTE.]

## The Underzook Trial.

WEST CHESTER, Nov. 1.—In the Underzook trial, to-day, Franklin Mills, a fellow boarder with Wilson at Newark, recognized the ring and identified the photograph.

Joseph R. Williams, a manufacture jeweler of New York, knew Wilson, who offered to sell the ring to him, and described peculiarities of its make, differing from any he had ever seen.

Augustus C. Swane, of New York, a fellow boarder with Wilson, identified the gaiters worn by Wilson. Wilson had them half-sold in Newark and borrowed an old pair of boots to wear in the meantime. He recognized the photograph and also the ring.

Edward Sutton, also a fellow boarder, positively identified the ring and photograph. He saw the prisoner when on a visit to Wilson at Mrs. Tombs'. In cross examination witness said he recognized the ring by the peculiar make, and also because he noticed when first shown by Wilson that the ring had been cut and soldered again at the back. Noticed this peculiarity because it was poorly done. Witness has been in the jewelry business for fifteen years.

Michael O'Donnell, a fellow boarder, recognized the value, having examined it on one occasion when Wilson wanted to swap with him. Witness made Wilson, when he left, a present of a bone collar button or stud. Had worn it himself nearly two years. Witness described the button, and on the one found in the shirt being shown him, identified it as the one he presented. He also identified the photograph as a likeness of Wilson.

## The Beecher Scandal.

NEW YORK, Nov. 1.—At a meeting of the members of Plymouth Church last evening the examining committee made a report on the case of Theodore Tilton recommending that his name be dropped from the roll of membership. The report was adopted. Tilton, who was present, denied that there was any authority for expelling him as he claimed not to have been a member of the Church for four years. He, however, announced his readiness to answer any charges against him. Beecher said: "I desire to say that I don't believe that Tilton has desired in any way whatever to shirk his proper responsibility, or to avoid, or to evade any proper charge that might be made by the Church. He asks if I have any charge to make against him; I have none; whatever differences have been between us have been amicably adjusted, and as far as I am concerned, buried. I have no charges; this whole matter has not been with my consent, and is against my judgment."

A detailed statement of the property accompanies the report. The committee further say to determine whether the mortgage proposed would be sold and free from objections under the provisions of the bankrupt act, they were compelled to ascertain whether the amount of aid asked would, in all reasonable probability, be sufficient to enable the company to meet its maturing obligations in the regular course of business in the unsettled condition of financial affairs.
